

# Kindergarten LEARNING AT HOME Week 8

30<sup>th</sup> Aug – 3<sup>rd</sup> Sept 2021

This is a sample guide of activities that you could use at home with your child/children. Choose a range of activities from each Key Learning Area, making sure that you complete some English and Mathematics tasks each day. The Kindergarten teachers have included some worksheets to be completed every day. Also included in your pack are some extra activities for you and your family to do, to support your learning. We have some instructions on how to make a cloud in a jar, making a Cereal Box Journal, sport activities, Big Brain Builders and some Father's Day activities. Wednesdays are now for your wellbeing. This means there will be no academic work scheduled or contact from a teacher on Wednesdays. The school has emailed everyone lots of suggested ideas to support your family's wellbeing. Don't forget to check your child's email for our Zoom link for Thursday at 10am.

## Structure of Your Day

At school we have a morning session, a middle session and an afternoon session. These sessions are broken up by breaks (recess and lunch). It is a good idea to structure your child's learning day at home the same way. Start at 9:00am, have a break at 10:00 (crunch and sip – fruit or vegetables and water). At 11:00am have a break (for recess) and another break at 1:00pm (for lunch). These times are a guide only.
